COOKING FUN
Last week students in Years 3-6 had a cooking competition. They were put into groups and chose a recipe out of a hat. They were given points based on their preparation, teamwork, creativity, the taste and cleaning up. The students worked very well and were responsible to purchase all their ingredients at the Co-Op. They worked cooperatively discussing creative ideas and preparing their area. There were only 50 points between first and second place, as well as a few sore tummies. They should all be commended on their efforts and behavior. Below are pictures of their Christmas tree brownies, North Pole Cupcakes, Candy treats, Rocky Road Bites and reindeer Cupcakes.
Thank you and Merry Christmas

ASPIRE

A big thank you!

Last week a team from ASPIRE at UNSW visited Tullibigeal to introduce a new project – PATHS (Promoting Attainment and Thinking Skills) for Learning.

In 2015 a website will be launched to provide activities, resources, puzzles, challenge and guides to support students in their learning. It will also provide resources and materials on current topics in education as well as careers information for teachers and parents.

Teachers were involved in a workshop that explained the program and its purpose. Current educational research that supports the principles behind the program was discussed. Their acceptance and willingness to embrace this new project is most appreciated.

This was followed by a parents’ meeting during which we explained the intention of the PATHS for Learning website and the benefits of this type of learning. We would like to thank the parents who attended and we value their feedback.

Over the course of the week students participated in two workshops to encourage them to enquire, shine and persist in their learning and to think about their personal skills that will assist them.

Sue and I thoroughly enjoyed our week working with the Tullibigeal school community who went out of their way to make us feel very welcome. We were very gratified with student involvement and enthusiasm as they “teased” their brains and produced a classroom and personal reminders of how they can promote their own attainment and thinking skills for learning. We are really encouraged and excited by their level of involvement and look forward to returning in 2015 to continue on the path for learning.

COOLROOM HIRE

It was decided at our P&C Meeting to change the guidelines of hiring the cool room.
The cool room may still be hired but CANNOT be taken out of the Tullibigeal town limits. This is due to the wear and tear it endures when hired out. Hiring fees still remain the same $100 for the first day/ $50 for each consecutive days after. The P&C apologises for any inconvenience caused.

Sport and Recreation’s Swim and Survive starting soon

Australian summers usually involve plenty of fun in and around the water, but no parent can forget how important it is to make sure children stay safe.

Sport and Recreation's Swim and Survive classes for preschoolers and school-aged children help youngsters learn important ways to be safe and enjoy our pools, rivers, beaches and lakes.

The intensive nine-day programs give wonderful results, and are great fun as well! Plus, family discounts make our program affordable for all the children in the family.

Sport and Recreation runs Swim and Survive classes in pools throughout regional NSW, including somewhere near you.

Our instructors are nationally qualified and screened for their suitability to work with children.

Prices for nine lessons are $67 for school-aged children and $48 for preschoolers (prices exclude pool entry fee).
